The Chaplet of the Sacred Heart, unlike the Rosary, doesn't have a single, definitively documented origin. Its development seems to have evolved organically from various pious practices focused on the Sacred Heart devotion that gained popularity in the 17th and 18th centuries. The emphasis on the Sacred Heart as a symbol of God's boundless love for humanity blossomed during this period, leading to the creation of various prayers and devotions. This period saw the rise of prominent figures like St. Margaret Mary Alacoque, whose visions and mystical experiences played a significant role in popularizing devotion to the Sacred Heart. Her revelations emphasized the immense love of Jesus for humanity and the importance of consecrating oneself to His Sacred Heart. Therefore, the Chaplet itself can be seen as a culmination of this growing piety, a focused prayer reflecting the core message of divine love.
